

Enterprise Early Access Agreement

6 June 2026

This Enterprise Early Access Agreement (the "Agreement") is entered into between Thinkedin ("Provider") and the organisation identified in the signature block below ("Customer"). By signing below, the Customer agrees to the terms set out in this Agreement.

1. Service Description. Thinkedin is a professional network intelligence platform enabling users to query LinkedIn connections and message history using natural language. The Customer is purchasing advance access to the Thinkedin Enterprise Platform, which includes team network aggregation, allowing members of the same organisation to combine their professional networks into a unified, queryable super-network.

2. Payment. The Customer agrees to pay a recurring monthly fee of GBP 200 (two hundred pounds sterling), beginning on the date of signing. This fee constitutes an advance payment securing the Customer's place on the Enterprise Platform and will be applied in full against the Customer's enterprise subscription upon general availability.

3. Access and Onboarding. The Provider will onboard the Customer to the Enterprise Platform within a reasonable timeframe following the date of signing. The Customer will receive priority access, dedicated support during the early access period, and direct input into product development.

4. Cancellation. Either party may terminate this Agreement with 30 days written notice. The Customer is entitled to request a full refund of any payment made under this Agreement within 30 days of the date that payment was transferred. Refund requests must be submitted in writing to the Provider and will be processed within 14 days of receipt. In the event of cancellation by the Provider at any time, any advance payments made and not yet applied to platform access shall be refunded to the Customer in full within 14 days.

5. Limitation of Liability. The Provider's total liability under this Agreement shall not exceed the total fees paid by the Customer in the three months preceding the event giving rise to the claim. The platform is provided in good faith during an early access period and the Provider makes no warranties beyond those expressly stated herein.

Agreed and Signed
